GASTRONOMIC DOUQAN

Everything new is a well-forgotten old. Our gastronomic douqan is a new enterprise and a part of our history and culture that always has decorated our capital city as well as the whole country.

The culture of douqan has flourished in Georgia in XVIII–XIX centuries. With their colorful environment and rich menus, you could have come across them in whatever walks of life – cotton row , iron row, dark row, crystal row, coffee row, near Ortachala gardens or the banks of Mtkvari river. Due to the douqan’s culture the paintings of Pirosmiani have survived until today. The same culture has enriched our heritage with vastly different names, which reflected the very individualistic and specific Tbilisian environment that each owner of douqan had to offer–Dagrekhilua’s douqan, Japara’s douqan, Abuashvili’s douqan, Lopiana’s douqan and so on and on. The wine was flowing straight from the skin barrels, “Chanari” and “Tsotskhali” fish were caught straight in Mtkvari river. The greens and radish were coming from ortachala gardens.

The menu of our gastronomic douqan is the mix of old Tbilisian and regional courses as the main characteristic of Georgian cuisine’s variety is in its regionalism. Here you can feel the mix of highest quality Georgian products, chef’s refined signature, intense aromas and balanced harmonic composition.
